

# HDMTC

Houston Digital Media Training Center

## *Intro To Lightwave* *3 Days \$695*

**"We Provide  
Training For  
The New  
Millennium"**

### ***Course Summary***

Dive into the world of Lightwave 3D. We will get you familiar with all of the basic functions of building in Modeler and animating in Layout. We will show you how to customize the interface to best suit your work style. We break down each area of the so you can quickly learn how these functions work and how to use them. Upon completion of the Essentials course, you will be on your way to creating and animating in Lightwave!

### ***Schedule***

Please check our web site for the latest class dates and times. The schedule is subject to change. If you didn't see a schedule please call us.

### ***Contact info.***

10515 Harwin Dr. #100  
Houston, TX 77036  
Ph. 713-988-2818  
Fx. 713-995-4994  
[www.hdmtc.com](http://www.hdmtc.com)

*Training is also available on site.  
Our classroom is also available  
for rent.*

### ***What You Will Learn***

Configuring Modeler and Layout for maximum efficiency  
Assigning keyboard shortcuts  
Stacking multiple types of maps on the same surface  
Navigating the Modeler and Layout interfaces  
The basic elements that make up an object  
Basic image mapping  
The Gradient Shader

Surface baking  
Hand painting  
Texture reference objects  
Animated displacement maps  
Environment mapping  
Shader Plug-ins  
Basic HyperVoxels  
Rendering

### ***and:***

Modeling with primitives  
Working with layers  
Key framing  
Flying logos  
Basic compositing  
Modeling tool set  
Layout tool set  
Using the Surfaces Preset Shelf
