

Avid Liquid 7.0 – 2 Day Class - \$495

Avid Liquid 7.0 Avid Liquid software is a powerful SD and HD video editor for the PC that offers integrated DVD authoring, surround sound audio processing, and thousands of amazing real-time effects. Its integrated toolset provides all of the tools needed to create high-quality productions and quickly output to tape, DVD or web streams.

HDMTC will show you the basics of The Liquid Pro 7 Software for Windows. HDMTC will guide you through this video editing suite with a hardware breakout box that allows you to add thousands of amazing real-time effects, configure surround sound audio and author DVDs under a single interface.

The multicam editing feature not only makes editing easier but can also add a true professional feel to your production. Liquid Pro 7 also features SmartSound, a soundtrack-generating tool that adjusts to the length of your video automatically. You can easily edit in SD or HD with no loss in quality with this software, making it a great choice for beginners and professionals alike.

If you have any questions about Avid Liquid or any other HDMTC course please do not hesitate to call at 713-988-2818.
