

Adobe Illustrator CS2 – 2 Day Class - \$495

Introduction to Adobe Illustrator CS2 is the industry-standard for vector graphics. Illustrator gives designers new creative freedom so they can realize ideas quickly and powerfully. Users can instantly convert bitmaps to vector artwork with Live Trace, paint intuitively with Live Paint and save time with the new context-sensitive Control palette and optimized workspaces.

Let HDMTC show you how Illustrator CS2 is the essential tool for creative professionals, web designers, video professionals and professionals in other industries who use graphics to communicate ideas visually in print, on the web in motion graphics and via mobile devices. HDMTC is a leader in Turnkey Photoshop / Illustrator classes that are the premise for any project whether you are a professional or a hobbyist.
